The price for any given healthcare service is an estimate. The actual charges are dependent on the circumstances at the time the service is rendered. This pricing reflects charges when a patient pays in full on the date of service, and does not reflect the amount charged if we later bill the patient or a third party for any portion of the service.

If you are covered by health insurance, we strongly encourage you to consult with your health insurer to determine accurate information about your financial responsibility for a particular healthcare service provided by FPG.

If you are not covered by health insurance, we strongly encourage you to contact our billing office at (970) 378-8000 to discuss payment options prior to receiving a healthcare service from FPG, as posted healthcare prices may not reflect the actual amount of your financial responsibility.
